

WHO IS NATIVE HEART COMMUNITY DEVELOPMENT ASSOCIATION™ (NHCDA)?

NHCDA is faith-based, non-profit organization founded in 2000, whose mission is to connect with and empower indigenous leaders and community members to recognize their strengths and resources, and to work together for thriving Native American communities.

Native people are marginalized and challenged by historical trauma. As they seek healing from a multitude of issues, NHCDA is proud to come along side of our Native people to honor and assist them in developing a stronger sense of themselves as Native people through its Native C.A.R.E.S Program:: *Community and Leadership Development; Abuse and Addictions; Reconciliation; Education and Spiritual Development.*

KEEPERS OF THE FIRE CONFERENCE

Gathering of Eagles

November 21, 2020

Journey Fellowship
256 Quarter Mile Road
Murphy, NC 28906

Sponsored by Native Heart
Community Development
Association™

Vital voices of Indigenous peoples have long been shrouded, interpreted, misinterpreted, or just plain ignored. That's about to change. Native Americans were part of the first spiritual awakening in the United States which happened here in Cherokee County, NC, and they are key to the last spiritual awakening!

Our Goal

November is Native American Heritage Month. We gather to **honor** Native Americans for their indelible spirit, and as America's First Nations People who are gatekeepers of this land.

In 1975 Billy Graham said, "The Native American has been like a sleeping giant. He is awakening. The original Americans could become the evangelists who help win America for Christ! Remember these forgotten people."

We have not forgotten! Our second goal for this conference is to promote awareness of Native Americans awakening to their God-given spiritual destiny.

Our Vision

Our **vision** is to see the reconciliation of all mankind to each other and to Yahweh. We envision this gathering challenging misconceptions, breaking down walls of division [Psalm 133:1], and promoting unity through which all blessings flow [Psalms 133:3].

Our Fellowship

Native Heart Community Development Association gathers with a remnant of believers from different nations to worship the Lord, fellowship with each other, and honor our First Nations People.

"We, God's people of all races and cultures, acknowledge that much has occurred in the history of the world that has brought pain and trauma to the First Nations people of the land. We acknowledge that the Creator made every nation of man from one man [Acts 17:26]. We are thankful that we serve a redemptive God."

We gather to celebrate our kinship.

Sessions

Saturday AM:

- 9:00 Praise and worship
- 9:30 Message: A Gathering of Eagles
- 10:30 Fire in the Mountains
- 12:00 Lunch Break
- 1:00 Light the Fire: Coming Full Circle
